DRAYTON VALLEY

HIGHLIGHTS.
Continued from page 13, col. 8.
and if possible locate the exact site of the old Boggy Hall Trading Post.

(6) Mr. Bert Miller, Mr. and Mrs. T.A. Smith, and Mr. and Mrs. Wm. Wollschlaeger drove to the Flat, armed with shovels. There they were joined by Mr. and Mrs. Harold Smithinsky who live on the Flat, and by Mrs. Smithinsky's parents, Mr. and Mrs. Jesse Huseby.

(7) In early days, Mr. Wollschlaeger had hunted and trapped in this area. He first visited the site of Boggy Hall in 1915, and saw a number of the bones and earth ovens. Again in 1917 he and Jack Anderson another trapper visited the spot. In 1924 Mr. Wollschlaeger and Mr. Fred Rippel who had been trapping on the Branaau, stopped to examine the ovens more closely.

There were a number of ovens remaining in fair condition. They were built of flat stones and covered with earth. They varied from about eighteen to thirty inches in height. The ovens were lined with stones on the inside. There was evidence that they had been heated by the use of hot coals, or by kindling a fire inside. None of the ovens now remain.

(8) One party noticed a large depression, and, using their shovels

soon unearthed many stones which gave a rough outline of a large building. There was much charcoal and ashes and pieces of mortar which had been used for chinking the walls.

There appeared to have been a large fireplace in the center of the building.

Similar remains of smaller buildings were found, also pieces of bones from large animals, possibly buffalo or moose.

Lack of time prevented more extensive explorations.

(9) Residents of this area feel that this old historic spot in the Pembina Oil Field deserves a suitable marker, to remind us of the brave men who have gone before us and the important part they played in opening and developing this great land of ours. -----Canada-----

Notes

Mr. Wiltshire of the Provincial Library Board, met with the members of the Drayton Valley Community Library Board on Thursday, October 6th. The meeting was held in the library.

A constitution for the library board was set up and adopted.

Chairman is Mr. H. Zolmer, Librarian is Mr. Kraus. Mrs. Clements is secretary for the Library Board.

While Mr. Wiltshire was present the matter of the possibility of changing the library from its present status of a community library to that of a municipal library was discussed. The change would have many benefits from the point of government grants. To make the change would require a plebiscite as the library would then be partially supported by taxation.

Library hours for the school term will be as follows: Tuesday, from 12 noon till 1 p.m., from 12 noon till 1 p.m., from 12 noon till 1 p.m. for school bus students only. For other school children and the general public the library will be open Tuesday afternoon from 3:30 to 5:00 and from 7:30 to 9:00 in the evening.

On Friday the library will be open at the same time at noon for school bus students only and for the general public it will be open Friday afternoon from 3:30 to 5:00. It will not be open Friday evening or Saturday.

"Art thou lonely, O my brother? Share thy life with another! Stretch a hand to one unfriended, And thy loneliness is ended."

By John Orenham

Little Helpers Rally

A children's service in the Anglican Church followed by a party for the kiddies at the Elk's Hall was recently held by the Little Helpers group of the Anglican Church, under the sponsorship of Mrs. Myrtle Lecky.

Ranging in ages from babies-in-arms to eight years, about fifty children were on hand for the event. About twenty mothers were present also.

During the church service held specially for the children, Rev. Brown spoke to the children. Object of the service preceding the party was to acquaint the young children with the spiritual side of life. Following the short church service the children trooped over to Elk's Hall for their own party. These are about sixty enrolled in Little Helpers at present, with seventeen boys and girls having reached the age of eight being graduated this year, into Junior groups.

The young mothers with children at the party had a chance to get acquainted over a cup of tea while the young fry enjoyed themselves at their party.

The Little Helpers group has grown considerably in enrollment in the last couple of years. It was started originally as a project of the afternoon group of the W.A. with Mrs. Lewis Williams in charge. When the Lecky's moved to Drayton Valley in 1958, Mrs. Lecky enthusiastically took on the Little Helpers project and under her direction it has enrolled many children. It now has a potential of 70 children, with a number who will be enrolled after baptism.

Each child gets a birthday card each year and the annual party they have a tiny milk box into which they put a penny a week for missionary purposes and as they get old enough are taught to pray for missionaries.

ARNOLD FUNERAL

Following a two car accident at Campton Corner, on October 11th, Mrs. Joan Elaine Arnold, beloved wife of Mr. Stanley Arnold, of Drayton Valley formerly of Bruderheim, passed away at 28 years of age.

She is also survived by one son, Warren at home; her parents, Mr. and Mrs. Walter Johnson of Peace River; three sisters, Margaret of Peace River; Mrs. Gordon Creighton of East Coulee, Alberta and Mary of Lethbridge.

Funeral services were conducted on Wednesday, October 12th at 2:30 o'clock, from the Moravian Church at Bruderheim, Rev. Herbert Harke officiating. Interment was in the church cemetery.

Flowers are gratefully declined. In lieu of flower donations may be made to a memorial chapel fund for the Archer Memorial Hospital at Lethbridge.

Funeral Directors were Andrews-McLaughlin.

Valley.

One of the expected main speak on for the evening Hal Pawson, sports editor for the Journal was unable to be present because of the funeral for a notable sports and baseball figure in Edmonton for whom Mr. Pawson acted as Coach on Page 3 Col. 2

At the Oilfield Baseball League Banquet in Thorby on Friday, October 14th, League President Gene Waderuk presented the Warburg Hotel Trophy to Ken Mathias for the Drayton Valley team which finished league play in top spot.

BASEBALL BANQUET

A very fine crowd turned out to the Annual Baseball Banquet held in Thorby Lions Hall on Friday night, October 14th. Master of ceremonies for the evening was Oilfield Baseball League president, Gene Waderuk, of Thorby. Among those seated

at the head table was Drayton Valley's Ken Mathias, representing the Drayton Valley baseball team which won the fine Warburg Hotel Trophy.

Ten teams were in the league, they were: Ladue, Warburg, Conjurung Creek, Berton, Thorby, Calmar, Glen Park, Mulhurst, Genesee and Drayton

Staff Photo

Constable's Joe Dixon and Les Gambin, of the Drayton Valley Town Police brought back what is believed to be the first game of the season brought into Drayton Valley on Monday, October 17th. The big moose was shot about thirty miles west of Drayton Valley and across the Pembina River. The boys had their game and were back in town by about ten o'clock Monday morning.

District Personalities

Photo by Cur's Studio

OTTO NICKEL
We read about refugees from East Germany and today in our District Personality we meet one of them.

Mr. Nickel was born in what is now called "East Germany". His father was killed in the war against the Russians and right after the war, at the end of 1945 as soon as they could, his mother took Otto and his two brothers and two sisters across the line into West Germany. The trip took four weeks as they could not go direct but had to take various routes. Finally at the end of the trip they walked for a day and a night and were safely across the line and in West Germany.

In Westphalia, where they settled, young Otto learned the baking trade. The family stayed in West Germany until 1963 when they came over to Canada. An older brother of Otto's had come over to live with an uncle in Barabed in 1960, and the rest of the family came first to Barabed. Landing there in the beginning of the harvest season

Otto worked in the harvest till it was completed and then went to Edmonton, until May of this year, when he came to Drayton Valley. He had been interested in establishing his own business and had looked over various towns in Alberta with that view in mind. Finally he came to Drayton Valley and heard that he could buy the bakery here, he liked the look of this progressive young town so they settled down here.

Otto's wife is the former Franzen Anne Marie Lise. She too was a refugee from East Germany. She lost both her parents in the war and after the war came into West Germany with her uncle in 1945. She became acquainted with Otto in West Germany and came over to Edmonton in 1956 and she and Otto were married in 1957. They have bought a small house here. Mrs. Nickel assists her husband in the bakery.

At present, as well as Mr. and Mrs. Nickel in the bakery, they employ two girls and a helper. Otto feels that anyone who is willing to work will find Canada a "Land of Opportunity".

COUNCIL MEETING

SUMMARY OF THE MEETING OF THE COUNCIL OF THE TOWN OF DRAYTON VALLEY HELD ON OCTOBER 13, 1960 AT 7:00 P.M.

All members of Council were present when the meeting commenced at 7:02 a.m.

After Council had read the minutes of the previous meeting of September 20th Council met on Page 12 Col. 2

SEARCH FOR TALENT SHOW

Search for Talent show on a new look this season. This is the report from A.C.T.-C.P. R.N. Officials, co-sponsors of this popular annual Crippled Children's Project. Several important changes and innovations the Associated Canadian Travellers and Drayton CFPR open the fourth annual "Search for Talent" show at Stony Plain October 29th.

Most important change is designed to encourage the best possible talent to participate. To accomplish this, dedication of contestants will replace popularity voting and winners will be declared at the conclusion of each show. A complete judge's manual will be broadcast and simultaneously next April.

As further incentive to encourage talent officials announced that the final of Search for Talent will be broadcast and simultaneously next April.

Other changes to give the show a new look include the Watch Award and the door prize.

Spotlight Parade, which received enthusiastic support last year, has been re-organized to include audience participation and several lively and colorful acts.

This show features some of Edmonton's leading radio and television personalities and is under the direction of Jack Benbow, stage director at CFPR-TV.

Opening show is scheduled for Stony Plain for Saturday, October 29th under the auspices of the Stony Plain Teen Town.

Murray Byers is in charge of entries. Other shows scheduled to date are at Hinton, November 5th, Willington, November 12th, Devon on Friday, November 18th, DRAYTON VALLEY, NOVEMBER 19th and Chipman November 26th.

Roger Osborn is in charge of entries at Hinton and the show is being presented under auspices of the Hinton Legion. At Willington the Home and School Association are sponsors and Camille Bisher is accepting entries. The B.L.K.'s are sponsoring the show at Drayton Valley with Bill Copman in charge of details and at Chipman the Chipman Lions Club are hosts, with Mac Haines in charge of entries.

Several Friday shows will be scheduled this year with the first one at Devon November 18th. The Devon Lions Club will be the hosts and entries are being accepted at Holman's Grocery.

All shows will be broadcast by Radio Station CFPR commencing at 8:00 p.m. each Saturday.

JEHOVAH'S WITNESSES NEWS

Twenty seven members of the Drayton Valley congregation of Jehovah's Witnesses attended a three day assembly in the Edmonton Sales Pavilion Annex last week-end. The assembly was sponsored by the Watchtower Bible and Tract Society for the benefit of the 15 congregations in Alberta Circuit 5.

Feature speaker was Mr. Clara E. Station newly appointed District supervisor for Jehovah's Witnesses who gave the address "FINDING PEACE IN A TROUBLED WORLD."

Mr. R. Wilander, presiding minister of the local group stated that Mr. Station pointed out the root causes of all the crime, hatred, strife, and confusion in the world to be wrong religion. He said, "False religions are those not following the principles of love laid down in God's word the Bible. Accurate knowledge and the keeping of God's laws is essential for a peaceful existence as shown by Ps. 119:165 'Great peace have they that love thy law, and they have no occasion for stumbling'."

Mr. Wilander reported that there were eight new ministers ordained at the assembly. These eight solemnly agreed to do the Creator's will. They then symbolized their dedication by water immersion. They will take their places beside the more than 850 active Jehovah's Witnesses working in the area between Edmonton and Jasper.

Mr. Wilander said that the assembly had provided a refresher course in the principles of the Bible and door to door preaching. He continued, "The natural way to find people is to go to them in their homes. Thus following the example of Christ Jesus who taught his disciples this method of evangelism."

Also in attendance were Mr. and Mrs. Ed. Scarff, Mr. and Mrs. R. Gibson, Mr. and Mrs. Ed Hill and their families as well as Mr. and Mrs. Oscar Beattie and Mr. George Wallace from Violet Grove.

HIGHWAYS

Gordon E. Taylor, Minister of Highways, has announced that steps are being taken immediately to repeal Regulation 16 (1) which says "no person shall operate or cause to be operated any motor vehicle to which has been attached or placed thereon (a) an ornament or device known to the trade as 'spinner disc' where the spinner is equipped with blades, fins or spikes protruding outward from the wheel and is likely to cause injury to

persons that may come in contact with same."

The Minister stated that the regulation was prepared originally by the Motor Vehicle Branch for the purpose of preventing dangerous attachments such as spikes being added to a wheel that could cause injury to persons or damage to property. It was never intended to include standard hub cap or spinner wheel discs that are

supplied by car manufacturers with the vehicles; neither was it intended to include any standard and hub cap which was part of the actual wheel, or ornamental attachments that could not do damage or cause injury.

The regulation was worded in the above way as it was felt that it would have the law enforcement officers the necessary instruments to lay charges for attachments that were actually

dangerous and that could cause injury to persons or property.

It is alleged that charges are being laid that involve standard wheel equipment and attachments that are not dangerous in and of themselves.

Consequently, in the interest of justice and fairness the regulation is being repealed and the Motor Vehicle Branch will study

FOOTBALL

Cont' from page 8 Col. 5

The Lions have had turned out to be the surprise package in the local football picture were opponents delirious as they captured on every break to literally run the bewildered Stampedeers into the ground. Two key interceptions, both resulting in Lion touchdowns and an electrifying pass and run play which went 100 yards to pay dirt were the highlights of the afternoon.

The Stampedeers started strong and ran up a series of first downs early in the game but at about the eight minute mark one of Bill Disney's passes went astray and Gerry Anderson pulled in on the Lion 40, and ran 62 unimpeded yards for the first major score. About three minutes later Ronnie Wolden pulled off the same trick this time, racing 48 yards for the touchdown which made it 12-0 for the Lions. The convert was missed but from here on the issue was never in doubt. In the second quarter Ricky Simon got fine blocking and broke away for a 48 yard drive to fetter the Lions lead to 18-0 at half time.

About half way through the third quarter the Lions struck again as Lindsay sent Simon over on a sensational 72 yard pass and rumple, the convert failed and the Lions were up 24-0. The Cowboys made a desperate bid to get on the score board and drove down to the Lion one yard line but did not make it over and the Lions took over on downs. On the very last play, Cliff Lindsay sent Allen Matson free with a short pass and Matson galloped 14 yards for the final score. The convert was blocked and the Lions won it 30-0.

The Ti-Cats got off to a fast start in the Bantam game and led the Blue Bombers 6-0 at the seven minute mark on a touchdown by Bill Hamilton. The convert was missed but the Blue Bombers could not seem to untrack themselves in the early going. The Ti-Cats, however, were unable to get a concentrate attack under way as the Blues set up a solid defensive wall. Early in the second quarter Hamilton booted a boot or deep into the Bomber and scored and Steve Serenas conceded the single point bringing the score to 7-0 in favor of the Bombers. Bombers quarterback Mike Miller took the air in a desperate attempt to get the Blue Machine rolling but got nowhere due to the umbrella pass defense set up by the Black and Gold. Toward the end of the game the second quarter the Cats marched down the field once more and Dick Torgerson went over for the second time

THE LIONS ROAD.

Cont' from page 8

the matter with a view to bringing in a replacement that will be clear cut and that can be easily understood by all.

Gordon E. Taylor, Minister of Highways, announced today that 300 miles of grading has been completed this season on main and secondary highways which constitutes 79% of the program. This compares with 67% completion in 1959.

The Minister also advised that 300 miles of stabilised gravel base course, constituting 79% of the program, has been completed; only 68% was done at the

same time a year ago.

200 miles of asphaltic plant mix has also been completed constituting 79% of the program -- 79% was completed in 1959.

154 miles of double surface treatment or 88% of the program has been completed. This compares with 79% a year ago.

205 miles of seal coating has been applied, which is 100% of the program. The seal coat operations were completed last year by this time also.

During the season 2,321 shifts have been lost throughout the Province due to rain and inclement weather. In 1959, 2,363 shifts had been lost up to the same period.

If the present excellent Fall weather continues through October it will provide an opportunity for the contractors to complete a large volume of work.

THE TRUCK TRIUMPH OF THE 60's

Now GMC brings you important news of an overwhelming success—the big news of GMC's triumphant achievements in every truck category! It's news that's coming in right off the road—from drivers, maintenance men, owners all across the country. GMC trucks are hauling extra payload each trip. GMC's engines, specially designed for

extra-long life, are cutting fuel costs to the bone... GMC trucks are spending more time on the road because they spend less time in the shop. See all the new advances in engine, chassis and cab engineering that are dramatically reducing operating costs and increasing profits. See the Truck Triumph of the 60's at your nearest GMC dealer's—today!

FROM 1/2-TON TO 60-TON... GMC LEADS THE WAY

Powerful, economical engines
Rugged 348 cubic-inch Workmaster Special V8 gives low fuel economy with immediate torque at low speeds. Provides the dependability of all GMC's mighty engines.

New independent front suspensions
New torsion bar front springs make GMC's handle with amazing ease. Provide greater road stability, fatigue-free ride and improved cargo protection.

Sturdier, quieter, roomier cabs
GMC's new cabs are roomier, more comfortable. Engine and road noise are hushed out by new sound insulation. And because they're stronger—they keep their good looks longer.

A GENERAL MOTORS VALUE

GMC-14C

CHIEFTAIN MOTORS

STONY PLAIN

Here they come! The bold new line-up of GMC's for '61. The new go-getters of the trucking industry and the most advanced trucks ever to roll off an assembly line—anywhere in the world! And now GMC brings you the outstanding success report of the 60's—the big news about the big GMC Breakthrough in truck design, way-ahead engineering and unbeatable on-the-job superiority. Here is proof that your surest way to bigger profits and lower operating costs lies in the investment of the right trucks—trucks specifically designed to match your particular operation—trucks like the new GMC's for '61.

YOUR FIRE DEPARTMENT

Last Tuesday morning we had a situation which did the collective heart of your fire department the world of good. We were called to a trailer where an oil space heater had run rampant and was threatening to spread fire through the rest of the trailer. When we got there the fire was still threatening but was still contained in the heater and seemed to be dying, so we had nothing to do but watch it, and eventually put out the flame—still in the heater—with dry chemical.

As a result of the owner of the trailer calling in time we had relatively little to do, there was practically no mess to clean up, and best of all, damage was held to almost nothing. There was evidence that the owner was a little embarrassed at having called us to the fire that didn't happen however, we are of the opinion that because he called when he did the fire was kept in its place.

We just hope that all of you remember this little episode should you run into a similar situation, because believe me, we'd much rather go to forty little fires than one that was allowed to get out of control because someone was a little leary about calling us to a fire that might not happen.

Athletic Association NOTICE

Since the Drayton Valley Athletic Association has been approved by the Drayton Valley Recreation Board as the official body for the organization and control of all athletic and recreational activities in this community, it has been resolved that all activities of this nature, organized in Drayton Valley, must come under the jurisdiction of the aforementioned association and the members of any team, club or organization must pay the prescribed Athletic Association registration fee of \$2.50 per family before they will be allowed to participate in any organized recreational activity. The use of the two school auditoriums, at certain times has been allowed to the Drayton Valley Athletic Association for the purposes of adult recreation and any team, club or organization desiring to use those facilities must do so under the auspices of the association.

BADMINTON

Would you like to see a badminton club organized in this community? If you are interested in playing this sport, please contact on one of the following people as soon as possible:
John Nagy - Phone 433
Dorothy Worthington - Phone 610
Mike Gormley - (Recreation Director) - Phone 10
The deadline for such application projects.

(This is October 31, 1960.)

The "Frank Maddock" High School Gymnasium will be available for adult badminton on Tuesday or Thursday evenings, so please state your preference of day and time when you contact the above organization.

If a badminton club is formed it will be set up within, and under the auspices of the Drayton Valley Badminton Association. A minimum membership would be twenty-five persons and if sufficient names are not received by the above mentioned deadline date, it will not be possible to play badminton on an organized scale here during the coming winter season.

YOUR DRAYTON VALLEY GROCERIA

ANGLICAN CHURCH AUXILIARY

A new branch of the Junior Auxiliary of All Saints' Anglican Church has been organized under the leadership of Mrs. Ruth Brown and Mrs. Enid Nelson. The girls, aged 7 to 12 years meet each Thursday in the Parish Hall at 4 p.m. for worship, instruction, handicraft, games and lunch.

At the business meeting, October 13th, the girls elected their own officers as follows: President: Lynn Valliquette; Vice-president: Theresa Durham.

The program at present includes work towards the receiving of the L.A. tie and fine stripe, and handicrafts to be on sale at the Turkey Supper in November. The members are also taking orders for the 1961 Church Calendar.

The Junior Auxiliary is a branch of the Women's Auxiliary of the church and has as its aims to pray, to learn, to work, to give and to interest others in the work of the church here and everywhere.

COUNCIL MEETING
Cont' from page 1, Col. 4
Demers made the motion to adopt them as read. The motion was carried.

The subject of the construction of the skating rink dressing rooms was put forward and, after viewing the pros and cons of whether to finance it through the recreational grant or Winter Works project, it was decided to make use of the Winter Works benefit rather than the recreational grant. In order to expedite the construction, The motion was then passed to give final reading to the By-law authorizing immediate progress on this project.

For the past month or so, both elected and appointed snow officials have been considering the need for more water supply. Council instructed that various water bill drilling companies be asked to give estimates on the cost of a well.

Final arrangements have now been made for the surfacing of 50th Street from 50th Avenue North to the limits of the Town with a cold mix asphalt and gravel top. This project will be supervised by Naden Paving Ltd., using as much of the Town equipment as is feasible.

Public Works foreman, Mr.

Stevens, set before Council a variety of literature on street sweepers. After weighing the various characteristics and price ranges etc., of the estimates submitted, Council decided to purchase a second hand street sweeper from Precision Machine providing in mean with the final approval of a special committee set up to investigate it.

Mr. Hart, of Cowley Bros. was in attendance to add to the submission made by Canadian Motorola regarding supplying intercommunication equipment for the Town. This subject has been under discussion at various times in the past two or three years but each time the price has been prohibitive. However, with the possibility of Civil Defence Authorities providing a majority of the cost, the Town decided to investigate the subject further. The Secretary was also asked to contact the Civil Defence Authorities regarding their exact percentage that they would pay toward the purchase of the equipment.

Mr. Koehler's submission for roughing in the plumbing for the hockey rink dressing rooms was accepted and authorization was given for the work to go ahead.

The annual convention of the Alberta Municipal Association was brought to the attention of the Council and it was decided to appoint the Mayor and the

Secretary as delegates to attend this year's convention at Lethbridge.

To meet the obligations of the agreement entered into with the Anglican Church authorities in 1959 when the Town procured the land upon which is now situated the Town Hall, the Council gave authorization for installation of sewer extensions sufficient to provide services for the Anglican Church rectory.

It was noted that the parking facilities being used on the South end of Block 2 and South-west of Block 11 were in much need of levelling and therefore Council gave authority for the Town graders to do the best possible under the circumstances after first obtaining an O.K. from the owners.

GUN CLUB

This club has now been in operation for about six months and has rapidly grown to a membership of 46. Thirty-five of these members are between the ages of 10 and 17; the member remainder being adults interested in helping to raise the younger ones in the safe and proper method of handling firearms.

The following members have now progressed to the point where they have been awarded bonus pins from Dominion Marksmen:

D. Church, D. Joyce, S. Luchak Jr., S. Luchak, G. C. Morris, K. Morris, G. Morris, D. Olberg, B. Palmer, R. Quinn, E. F. Thompson, A. E. Thompson, R. Vig, B. Wahl, J. Wahl.

Congratulations to these winners.

The club is still looking for new members young and old, and anyone interested in receiving proper training in the use of the 22 rifle or in just sharpening up down to the Elk's Hall any Monday evening. Junior members start at 7:00 P.M., followed by the adults around 8:30 P.M.

SPECIAL MEETINGS TO BE HELD IN EVANSBURG LEGION HALL.
The Rev. A. Fernandez announced recently that he will hold special meetings in Evansburg Legion Hall.

With Rev. Fernandez in the meetings is a colored quartet, the HARVEST-TIME QUINTET, comprised of a mother and her four daughters.
Mr. Fernandez calls his special meetings "REVIVAL... RELAXING... PROMPT CRUSADE."
Meeting will commence in Evansburg at 7:30 p.m., Thursday, October 20th. For two days, Oct. 21 and 22 the group will be in Whitecourt, after which they will return to Evansburg and hold meetings nightly at 7:30, with Sunday October 23, 2 meetings, 2:30 p.m. and 7:30 p.m.

PEMBINA NEWS ADVERTISER

Vol. 6 No. 44 November 3, 1960 Playford, Publisher. Box 120, Drayton Valley, Alberta.

COUNCIL MEETING

The first meeting of the new Council was held on Monday the 31st of October. Mayor Adrian Meier called the meeting to order at 8:05 a.m. and administered the oath of office to the two new Councilors John Ewanio and Conrad D. Fuhr.

Following the introductory and welcoming words to the new members the subject of Committee appointments for the next ensuing year was brought up. After some discussion the following committees were set up for 1960-61.

Committee Chairman

Alternative
Adrian Meier

Pembina Planning Commission
Adrian Meier

Publicity Committee
Karl Wahl

Sec. Treasurer W. G. Johanson.

Councillor D. G. McKenzie was appointed for Deputy Mayor and declared elected to the position for six months by acclamation.

Council members meet once a month in regular session and have occasional special meetings between times.

ARNOLD Inquest:

An inquest of our Sovereign Lady, the Queen, at the Town Hall in Drayton Valley on the 31st day of October 1960, Dr. T. H. Brooks, a coroner for our said Lady the Queen, for the Province of Alberta. On view of the body of Joan Amdt, then and there lying dead the undersigned, good and lawful men, being duly sworn and charged to inquire for our Sovereign Lady the Queen, when, how and by what means the said Joan Amdt came to her death, do upon their call say Mrs. Joan Amdt died on the 16th day of October 1960 in the General Hospital in Edmonton as a result of injuries received in a car accident on the 15th day of October 1960, at approximately 10:00 a.m. at Campton Corner, Alberta.

We recommend: due to poor visibility at this corner and the construction of the intersection, we feel more caution should be used in making a left hand turn off said highway.

We recommend: that more brush be cleared north and west of said highway so visibility can be clearly observed.

We further recommend: a 25 mile an hour speed zone be erected for east bound traffic and that this corner be properly posted with signs.

In witness whereof the Coroner has here unto set his hand and seal and the Jury have set their hands this 31st day of October 1960

John MacKenzie
Charles Schneider
Lou Matlock

Leonard Barnard, Stewart Lunan, William Davies - Jury.
Dr. T.H. Brooks Coroner

New Town ENGINEER

Mr. Dale F.W. Schultz assumed his duties on November 1st as Engineer of the Town of Drayton Valley. The Town had formerly employed with the service of Haddon, Davis and Brown, an engineering firm of Edmonton. The services of the former company will still be occasionally used by the Town as Consulting Engineers.

Mr. Schultz was born in Wainwright. He attended the University of Alberta from which he graduated in 1956. After graduation he went to work for El Dorado Mining Company at Beveridge, Sask., where he

Biographical notes on PETE NEBO, Calgary Power Ltd., Drayton Valley District Manager

Pete Nebo has been Calgary Power's District Manager in the Town since October 1958. Born in Haight, Alberta in 1927, he was educated in Holden and Edmonton.

Before joining Calgary Power, Pete worked with Alberta Lumber in Holden and Vermilion. He joined the Company in February 1951 and spent two years doing clerical work in various offices learning the ropes and getting an invaluable background knowledge of the Company's working. In 1953 he became assistant district manager to Edmonton and was promoted to his present post in 1958.

With a "parish" of 800 square miles and 3,400 customers to look after Pete preys busy. Day and night; wet and fine, he and his staff are "on call" in case of trouble. Winter storms can play havoc with power lines and now that the heating season is in full

at the fire and smells up the house. They have in mind one of the various types of industrial fire extinguishers which are not only too expensive, but in many cases are quite ineffective against the average household fire, and in some cases a little dangerous. If you will follow the steps outlined below you will have good protection from small fires and the cost will be nominal.

YOUR FIRE DEPARTMENT

First, for flammable solids the best extinguisher is water, so you should have some kind of container that dispenses water. Even a bucket will suffice them. In the basement a good idea is to attach a hose permanently to a faucet and keep it there handy.

Many people, when they think of a fire extinguisher, think of a great shiny thing which shoots out billows of a magic compound
